**Unfinished business:** Food stand, (Linda) do we want to do any work this year. JoEllen says normally we put 500 toward. There are some things we still need to do out there. 1, continue with the white board we started last year (will wipe out our 500) , the breakfast side, don't need on the chicken side, that is staying nice. 2) the drink stand is rotting around the bottom, we could just cut off the bottom and put in a treated 2x around it. Clean it up inside, it is bad. The school? John said we repaired the shutters and painted them all. Butch motion set aside 500 to do the drink stand and if anything left over to the whiteboard. Would need to start it in May as Ruth 2<sup>nd</sup>. Passed. JoEllen asked who is going to spearhead this? Butch said he would help, Pete and John. Stephanie said if everyone pitches in won't take long.

Relay for life. JoEllen never got a check from last year, emailed a copy of the invoice so they can get it paid. This year June 2<sup>nd</sup>.

Same menu as last year. It was very hot in the open air. Don't know about this year.

Scholarship. JoEllen said we had 120 scholarship apps. Decided we would give out 4 -\$300 , Jason will present them Wed. May 16 7:00.

Madalyn Davis-North Boone, other three are from Alexis Gomez, MacKensie, Powers, Chloe Gustafson, JoEllen explained the committee process, divided them up to members, read all of them and picked their top three, then all pick the top picks.

847.50 left from last year, enough to get by but we only had 11 members sold tickets, not fair. We need to discuss at next planning meeting. Sandy said she will not be in charge next year, will need new person.

LeRoy, Paul Temple texted JoEllen asking how much they owe 132. The money we take in, the advert comes out of that.

Then all the food that is purchased, (meat and mile gets donated) we split that cost with Leroy food cost 265, we split.

John asked if we could sell the tickets during the fair, more people. JoEllen says she is too involved with activities to take on anything else. Butch and Marie told of their experience with selling tickets at the fair. Fred thought of having a display stand to sell them. If we wait until now to sell them we sell them at BOCO and spaghetti dinner. We had a late start this year. Next year try to get tickets earlier so can sell earlier. She will get with Sandy. JoEllen explained to newer members how we have done this in the past, drawing at Home Town Christmas. We may need others to pickup as Sandy may not be available to handle it all.

**New Business:** no

Drawing done for meat raffle:
